Project Summary: The proposed Household hazardous Waste Discretionary Grant Program will enable the MRWMD to hold three regional, temporary HHW collection events to serve the seven small cities and unincorporated portion of the District's service area. The hazardous waste received through these temporary collection events will be brought to the District's permanent household hazardous waste facility where more than 80% of the materials received will be recycled or reused through our hazardous materials exchange program, allowing the District to operate temporary collection events at half the average cost. In addition, the Grant Program will allow the District to greatly expand its public education services by creating materials for adults, children, and CESQGs. Grant funds will also be used for an extensive media public awareness campaign emphasizing the proper disposal of hazardous waste, the local opportunities to reuse and recycle hazardous materials, and the reduction of HHW and use of environmentally-safe alternative products.

Amount Awarded: \$105,385.00

Grantee Contact: Mr. Paul Dufresne

Grantee Contact Phone Number: 909-485-4608

CalRecycle Grant manager: Brenda Saldana

Project Summary: The Riverside County Waste Resources Management District (RCWRMD) is proposing to expand its current load checking program and to establish a Central Accumulation Facility (CAF) at the Lamb Canyon Landfill for consolidation of the HHW recovered from the refuse at the landfills. Currently, HHW is recovered through the Load Checking program at eleven of twelve Riverside County landfills. The recovered HHW is accumulated in temporary storage facilities at these landfills and removed by a hazardous waste vendor periodically. Under the proposed program, HHW would be transported by RCWRMD staff from all landfill sites to the CAF for consolidation of storage, handling, packaging and removal to approved hazardous waste facilities.
